If you need extra support, Emma has produced a video as part of our **Yarndale Make Along With.....**series of videos which are available on our YouTube channel - search for **Yarndale Official**.

About Yarndale

Celebrating the joy of yarn in all its forms, Yarndale is a vibrant and inspirational festival which has taken place at the end of September each year since 2013.

This creative festival celebrates all things woolly and wonderful, showcasing and supporting a creative mix of retailers, manufacturers, craft workers and artisans from across the country and Europe.

The festival is designed to encourage the sharing of skills and inspire visitors to celebrate all things handmade and get creative with yarn.

Yarndale also raises both awareness and substantial funds for many local and national charities each year by providing a creative challenge to the Yarndale community.
